## **RHDG wins two awards at Bookbuilders West Book Show**

SAN FRANCISCO (January 2009) -- Riezebos Holzbaaur Design Group (RHDG) won two awards for its cover design work at the 39th Annual Bookbuilders West Book Show last night. RHDG won the awards of excellence for "Microbiology with Diseases by Body System, 2e" by Robert W. Bauman and "Biology, 8e" by Neil A. Campbell and Jane B. Reece. This is the eighth and ninth win for the agency at the award show.

"We're honored to be acknowledged for our work. The whole function of our cover design work is to generate excitement and potential sales for these well-written textbooks," said Yvo Riezebos, the Creative Director.

Bookbuilders West Book Awards is one of the largest and most prestigious events in publishing. Every year, it recognizes important leaders and innovators in the industry.

The bestselling biology textbook is "Biology" by Neil A. Campbell and Jane B. Reece. It has been read by 4 million students around the world and remains the most accurate and current textbook in its field.

The other winning title, "Microbiology with Diseases by Body System, 2e" by Robert W. Bauman is based on cutting-edge research and features the effects of diseases on a microscopic level.
